The nationally recognized after-school student enrichment provider, *Right At School*, is coming to Midland ISD! Starting this fall, *Right At School* will assume responsibility for before and after-school programming at **all of the district's 27 elementary schools**.

Right At School's Right Club program will be available every day school is in session, from 6:30 a.m. to 7:45 a.m. and from the time the school bell rings until 6 p.m. *Right At School* will also provide coverage during student holidays and throughout the summer, if parents choose these options. A 10% sibling discount and 25% discount for free and reduced lunch families will be offered. In addition, flexible one, two, three, four and five day options are available, along with a "drop in" rate.

Students will have a healthy snack, engage in dynamic fitness activities, student-driven projects, team building, leadership development, and have the opportunity to complete homework. *Right Club* also features an enriched curriculum in the form of two-week units. Examples of units include: **Getting Down to Business**, where students are introduced to money and commerce; **Icky Experiments**, where students experiment with sticky substances to learn chemistry; and **Variety Show**, where students rehearse and perform individual talent acts.

Students will enjoy activities without realizing they are learning, which is the key to *Right At School's* disguised learning educational approach. In addition, Midland ISD has identified the following *Right At School* benefits for our families, which include: lower student to staff ratio, flexible spending, online registration and payment, and incredible customer service.

Right At School is hosting a "Parent Informational Meeting" to provide an overview of their programs, to answer questions and to interact with you. Please plan on attending.

Date: Tuesday, April 10th

Location: Bowie Fine Arts Academy, 805 Elk Avenue

Time: 6 – 7:30 p.m.

We encourage you to also visit *Right At School's* website, www.rightatschool.com, for more information about their organization and dynamic curriculum. We look forward to enhancing the educational experience of our students and parents through this exciting partnership.

Sincerely,

Superintendent Orlando Riddick
