a place to
**BE A
KID!**

We are so excited about the opportunity to partner with you to provide After School, Before School, and non-school day enrichment programs for your students.

Right At School's mission is to inspire a love of learning, support schools, and give parents peace of mind. We work together with schools to further their academic and social missions by providing safe, engaging, and meaningful enrichment programs that help schools raise academic and social performance, close achievement gaps, and expand access to enriching childcare.

Since our founding in 2010, Right At School has established a proven track record of strong partnerships across the country, which has led to a 95% retention of district partners since 2010, sky-high parent satisfaction scores, and the lowest employee turnover in the after-school profession. We are also proud to be the official after school provider of the School Superintendents Association (AASA).

We'd love to talk with you about how we can work together to provide high-quality enrichment programs that align to your strategic goals and help build strong relationships that connect school, home, and community.

Time to make friends, inspire others, and be joyful.

We help kids find the laughs and smiles that come from feeling good about oneself, helping others, discovering our own potential, and sharing inner joy with friends and family.

After School, Before School & Camps

Social-Emotional Well Being & Fun

Our childhood experts carefully design social activities that encourage kids to find the best in themselves and others. From character-building to diverse cultural experiences, kids of all ages come home from Right At School with bigger smiles, new friends, and a real feeling of growth.

Right At School Gives Back

There's no better opportunity to grow as a member of the local community than getting out and serving others. Our annual Right At School Gives Back program lets kids work together on service projects that support their neighbors and community.

Town Hall & Junior Educators™

Being a Right At School Junior Educator is a unique opportunity to grow. Every day, our Junior Educators lead the Town Hall session, choose activities, and develop leadership skills by helping to coordinate the day's learning, play, and growth activities.

WHAT PEOPLE ARE SAYING ABOUT RIGHT AT SCHOOL...

“ I can recommend Right At School to you without reservation. They have demonstrated in a very short time to be flexible, transparent and student centered offering a real-time vantage point into the challenges we face each and every day to improve student achievement by providing an engaging and healthy after care program.

— JOE ANNIBALE, ASSISTANT SUPERINTENDENT
Hazlet Township School District, New Jersey

“ Right At School gives students opportunities to participate in lessons that are interactive and engaging, and tied to the State Standards. It's not simply warehousing students. They're actually engaged in high-level work and activities, which is helping us address the achievement gaps that are impacting so many communities during the COVID-19 crisis.

— JODY IAN GOELER, SUPERINTENDENT
Hamden Public Schools, Connecticut

“ Right At School has been such a positive experience for our family! Every day my son shares something about his day, when asked which part of his day made him feel happy he talks about the before and after care program! He absolutely loves attending both before and after care. This makes his working parents feel so relieved knowing his day starts and finishes on such a positive note!

— MINDY D., PARENT, CHICAGO, IL

“ My son says Right At School is his favorite time of the day. He loves playing after school with his friends and I like that he does not have to ride a bus/leave his campus for after school care. It is much safer for him to stay Right At School until I can pick him up.

— SAMANTHA K., PARENT, VICTORIA, TX

“ My sons love the RAS program! They learn, play and make new friends and talk about their teachers constantly! I am very grateful this program exists; it's really helping my children grow!

— KRISTINE C., PARENT, KEARNY, NJ
