Our Disguised Learning™ curriculum and focused homework help — as well as intentional opportunities for vital peer interaction and social-emotional development — address students' most pressing needs by helping you achieve **9 or more hours every day** of high-quality learning time and socialization.

## A QUICK LOOK AT OUR PROGRAMS

Every day at Right At School is a chance to learn, play and grow. Safe and on-site at your school, in a place full of caring educators, new and best friends, and heaps of fun!

### + Homework Time

We keep homework stress where it belongs — with us. Our educators group kids into age-appropriate homework pods and help everyone complete assignments on time.

### + Over 180 Disguised Learning™ Activities

Kids enjoy a variety of Disguised Learning activities every day, exploring math & science, reading & writing, nature & outdoor learning, creative & performing arts, and community service.

### + Self-Directed Learning

We give kids a chance to focus on their own interests, whether that means quietly reading a great book or joining friends to design a feat of engineering!

### + The Right Moves™ Fitness Blast

We do a fun 'fitness blast' every day—moving & shaking, doing stretches, or enjoying quick team games that deliver laughs, smiles and high-fives.

### + Games & Sports

Indoors and outdoors, our games and sports feel just right for all skill levels. From the basics (kickball, volleyball... you know the drill!) to some wild and crazy games developed in our top secret movement lab!

### + Social-Emotional Learning & Fun

Our childhood experts carefully design social activities that encourage kids to find the best in themselves and others. From character-building to diverse cultural experiences, kids of all ages come home from Right At School with bigger smiles, new friends, and a real feeling of growth.

### + Town Hall & Junior Educators™

Being a Right At School Junior Educator is a unique opportunity to grow. Every day, our Junior Educators lead the Town Hall session, choose activities, and develop leadership skills by helping to coordinate the day's learning, play, and growth activities.

### + Right At School Gives Back

Our annual Right At School Gives Back program lets kids work together on service projects that support their neighbors and community.

**Here's what Dr. David Vannasdall, Superintendent of Arcadia Unified has to say about our partnership:**

*"As the superintendent of a district that has partnered with Right At School for over five years and the father of two happy children participating in the program, I can say a lot about it, but nothing can replace seeing it for yourself. Come and see what's happening on our campus. Seeing is believing."*
