# What **parents** are saying about Right At School..

My daughter loves the time she spends at RAS. Most of the time I have to delay the time I pick her up, because she gets upset if I pick her up too early. The staff is amazing, they work very well with the children. The staff allow the children to express themselves while still maintaining control. I have always observed all the children engaged in activities and enjoying themselves. This is my daughter last year at Myers, it's makes me sad to know she will no longer be with RAS Myers staff.

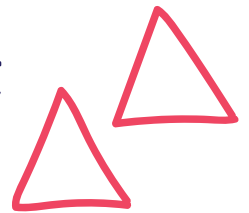

— PARENT A., CHELTENHAM TOWNSHIP, PA

My kindergartener loves attending Right at School aftercare. Most days, she wishes she could stay longer for more fun and isn't ready to leave at pickup. The staff is great with my daughter and she always leaves happy. I'm impressed by how smoothly everything operates and appreciate having their services available to cover all gaps for days off, late starts, and aftercare as it helps me to maintain a full time work schedule without a lot of interruptions.

# What School & District **Leaders** are saying..

Right At School has become a true partner... They share our values and support our mission. RAS is responsive when issues become known and dream with us when an opportunity arises. RAS leaders and staff believe in a 'student-first' approach to childcare, are innovative in their program offerings, and are sensitive and caring in their relationships with our team.

— SUPERINTENDENT A., UPPER MERION, PA

Right at School is exactly what our community needed. The program offers our families safe and academically-productive support for the "shoulder times" before and after the regular school day, while remaining in the neighborhood elementary school.
