Right At School has been a proud partner of AASA since 2017.

We are so excited about the opportunity to partner with you to provide engaging Out-Of-School-Time programs for your students.

Right At School's mission is to inspire a love of learning, support schools, and give families peace of mind. We work together with schools to further their academic missions by providing safe, engaging, and meaningful OST enrichment programs that help schools raise academic and social performance, close achievement gaps, and expand access to enriching childcare.

Since our founding in 2010, Right At School has established a proven track record of strong partnerships across the country. Our partnerships span 100+ districts impacting the lives of over 55,000 students across the country.

We'd love to talk with you about how we can work together to provide high-quality OST enrichment programs that align to your strategic goals and help build strong relationships that connect school, home, and community.

Durable Skill Building & Fun

Our childhood experts carefully design social activities that encourage kids to find the best in themselves and others. From character-building to diverse cultural experiences, kids of all ages come home from Right At School with bigger smiles, new friends, and a real feeling of growth.

Right At School Gives Back

There's no better opportunity to grow as a member of the local community than getting out and serving others. Our annual Right At School Gives Back program lets kids work together on service projects that support their neighbors and community.

Town Hall & Junior Educators™

Being a Right At School Junior Educator is a unique opportunity to grow. Every day, our Junior Educators lead the Town Hall session, choose activities, and develop leadership skills by helping to coordinate the day's learning, play, and growth activities.

WHAT PEOPLE ARE SAYING ABOUT RIGHT AT SCHOOL...

“ I can recommend Right At School to you without reservation. They have demonstrated in a very short time to be flexible, transparent and student centered offering a real-time vantage point into the challenges we face each and every day to improve student achievement by providing an engaging and healthy after care program.

— JOE ANNIBALE, ASSISTANT SUPERINTENDENT
Hazlet Township School District, NJ

“ “Right At School’s Disguised Learning™ curriculum is pretty genius. It is a way for our students to enjoy, have fun, laugh and be physically engaged in formal learning without ever knowing it.

— DAVID L. VANNASDALL, ED.D., SUPERINTENDENT
Arcadia Unified School District, CA

“ Right At School has been such a positive experience for our family! Every day my son shares something about his day, when asked which part of his day made him feel happy he talks about the before and after care program! He absolutely loves attending both before and after care. This makes his working parents feel so relieved knowing his day starts and finishes on such a positive note!

— MINDY D., PARENT, CHICAGO, IL

“ My son says Right At School is his favorite time of the day. He loves playing after school with his friends and I like that he does not have to ride a bus/leave his campus for after school care. It is much safer for him to stay Right At School until I can pick him up.

— SAMANTHA K., PARENT, VICTORIA, TX

“ My sons love the RAS program! They learn, play and make new friends and talk about their teachers constantly! I am very grateful this program exists; it's really helping my children grow!

— KRISTINE C., PARENT, KEARNY, NJ
