

May 20, 2021

Dear Parents and Guardians,

The nationally recognized after-school student enrichment provider, **Right At School**, is coming to Sacred Heart! Beginning the 2021-2022 school year, **Right At School** will assume responsibility for after-school programming.

The **Right At School** after school program runs from the time the school bell rings until 6 p.m. Parents will be able to work with **Right at School** to create flexible monthly schedules to support families' busy lives. Families are able to create their own monthly schedules choosing 1, 2, 3, 4, or 5 days per week. Drop-in care is also an option. This allows parents to pay only for the days for which care is needed. **Right at School** also offers a 10% sibling discount.

Every day students will have a healthy snack, engage in dynamic fitness activities, student driven projects, team building, leadership development, and have the opportunity to complete homework. **Right at School** also features an enriched curriculum in the form of two-week units. Examples of units include: *State of the Art*, where students explore some of today's biggest names in art for inspiration and create paintings, sculptures, and the like; *Right Club Castaways*, where students will use their outdoor survival skills, including shelter-building, tool-making, and harnessing Mother Nature's power to become the ultimate outdoor adventurers; and *Variety Show*, where students will experience all of the elements of putting on a polished performance, like rehearsing, marketing, becoming an emcee, and taking to the stage for a memorable night with family and friends.

We are excited to join other school districts in partnering with **Right at School** to provide this service to our families. **Right at School** is hosting a "Parent Information Night" to provide an overview of their program, answer questions and get to know you. Please join us to learn more about **Right at School**. You can also visit their website at
