FALL 2025 CLUB CATALOG

3D PRINTING

BY:

NEXPLORE

Nexplore 3D Printing takes students on a 3D educational journey, fueled by the power of 3Doodler! Using 3D printing pens, students break down complex topics into hands-on, approachable tasks, bringing STEAM and design concepts to life. 3Doodler engages students of all learning styles to promote teamwork, creative thinking, self-expression, and focus. After experimenting with 3D printing pens, students will become engineers, designers, and scientists wherever they go.

CARTOON/MANGA DRAWING CLASS

BY:

**AMERICAN ACADEMY
OF FINE ARTS**

Designed for young artists passionate about cartoon and manga art styles, this course helps beginners and those with some experience improve their skills and create unique characters. Learn the differences and similarities between cartoon and manga styles, develop characters with distinct personalities, and enhance your drawing skills through lessons on line work, shading, perspective, and anatomy. Explore coloring and inking techniques, and work on creative projects like manga pages and cartoon strips. Our interactive and fun classes encourage creativity and self-expression in a supportive environment.

FALL 2025

CLUB CATALOG

CLAY FIGURINE

BY:

**AMERICAN ACADEMY
OF FINE ARTS**

In our Clay Class, young artists will explore the full journey of working with clay—from shaping and sculpting to refining and glazing their creations. Students will learn hand-building techniques such as pinching, coiling, and slab construction to create fun and expressive 3D works and decorative pieces. As part of the creative process, students will also be introduced to surface design, texture tools, and basic glazing techniques, gaining an understanding of how to add color and finish to their work. They'll experiment with painting, glazing, and sealing to make their pieces truly shine.

KIDOKINETICS NOTHING BUT NETS

BY:

**KIDOKINETICS
NORTH SEATTLE**

"Experience the best of net sports with a thrilling combination of pickleball, tennis, badminton, volleyball, basketball, and soccer tennis! This one-of-a-kind program is designed to be everything but ordinary. We'll focus on cardiovascular endurance, and introduce the techniques required and common to play all six of these incredible sports! Kids will be introduced to one sport each week, focusing on learning the basics, developing gross motor skills, enhancing hand-eye coordination, and boosting physical fitness, balance, agility, and teamwork. Every child will receive their own sports equipment and participate every time.

Kidokinetics programming incorporates seven elements of fitness: Cardiopulmonary and Cardiovascular Endurance, Muscular Strength, Muscular Endurance, Flexibility, Agility, Balance, and Coordination, for comprehensive child development. Learning at Kidokinetics is all about having F.U.N: Fundamental, Understandable, and Noncompetitive. Your child will explore and grow without the pressures of competition, fostering self-esteem and self-confidence.

With a variety of different sports and other important physical exercises, children will feel confident when playing any sport as they grow. Kidokinetics' experienced coaches lead fun weekly classes, focusing on warm-up, introduction to a new sport or activity, free play, cool down, and an age-appropriate anatomy and physiology lesson."

PLAY TGA

BY:

TGA OF GREATER SEATTLE

"(GOLF, TENNIS or PICKLEBALL)

TEACH | Every TGA program begins with: Dynamic warm-up to get players' bodies ready for action. A discussion about life lessons. Review and introduction of new skills & technique

GROW | Next, students will: Rotate through stations to practice skill fundamentals. Learn about the rules & history of the sport. Explore STEAM concepts through game play

ACHIEVE | Finally, students have the opportunity to apply the lessons learned with group games and skill challenges."

SPANISH IMMERSION CLASS

BY:

**PARISACADEMY
NORTHWEST**

PANW offers Spanish immersion classes for students who wish to get a head-start before high school and have fun while learning a language. We use a curriculum that is carefully designed by language experts according to ACTFL standard. Students are introduced to new vocabulary and their correct pronunciation periodically following a theme. Cultural lessons are infused while expanding vocabulary. Lessons are constructed around five elements for elementary students: Total Physical Response Activities, Songs, Games, Crafts and Culture. Inspired by Montessori system, groups are organized by language level and age and work in groups or one to one to maximize learning outcome. Beginners/Intermediate level welcome.
