## MASTERS OF DRAWING BY:

**YOUNG REMBRANDTS -  
CENTRA CHICAGO**

Let's make this back-to-school season a masterpiece! Young Rembrandts' drawing lessons will ignite your child's creativity and sharpen their artistic skills. We'll tackle creative projects like a detailed gumball machine, a mouthwatering sandwich, and a dazzling Egyptian headdress that'll whisk your artist back in time. A fall-themed illustration will introduce them to warm and cool color theory, a globetrotting koala and a video game-inspired still life. With every lesson, your child will enhance their art skills, strategic thinking and problem- and self-expression. Creativity is calling—sign up now! ALL CLASS SUPPLIES WILL BE PROVIDED.

## LEGO TECH LAB BY:

**BRICKS4KIDZ**

Builders dive into the world of robotics and coding using Microbit and LEGO® Education tools to design, build, and program creative solutions for real-world challenges. Through teamwork and innovation, builders strengthen key executive function skills such as metacognition, planning, and sustained attention. LEGO® collectible take-home mini figures will be given every other session.

## MINECRAFT REDSTONE CIRCUITRY BY:

**KIDS STEM STUDIO**

Utilizing Minecraft's Redstone blocks, students learn to build electronic circuits capable of responding to player activation or functioning autonomously. From simple light switches to intricate mechanisms like traps, logic gates, elevators, and automatic farms, students push the boundaries of Minecraft to new heights. Those who have previously taken this course with us will delve into advanced topics this term, taking their skills to the next level.

## SUZUKI VIOLIN

**BY:**

**SMILING STRINGS**

Group violin lessons for beginners as well as those that already play in Suzuki Book 1 or 2. Taught by degreed music educators, students will learn simple rhythms and songs by rote as well as note reading as they progress. For those already in the Suzuki books, emphasis will be on tonalization and techniques necessary to progress through the repertoire. A second teacher may be brought in to accommodate more advanced students. Recitals are held twice a year. Violin rentals are available for an additional \$75 per session paid separately to Smiling Strings. Contact [dgrimes@smilingstrings.com](mailto:dgrimes@smilingstrings.com) to reserve a violin or for further questions

## **ICOOK: BAKE IT 'TIL YOU MAKE IT BY:**

**ICOOK INC**

In this exciting after-school baking adventure, kids will whip up delicious treats with a healthier twist! Each class features two recipes— a mix of sweet and savory—that are seasonally inspired, like pumpkin brownies or avocado chocolate mousse. From muffins to mini-pizzas, young chefs will discover how to turn wholesome ingredients into mouthwatering creations. With hands-on learning, simple techniques, and a dash of creativity, kids will gain confidence in the kitchen while developing lifelong skills. Let's bake up nutritious and delicious fun together!

## CODING AND GAME DESIGN

BY:

**KIDS STEM STUDIO**

Young learners dive into programming with Scratch, a visual programming environment with a drag-and-drop creative learning interface developed by MIT Media Lab. Students use code blocks and a library of characters, enabling them to focus on logic and enjoy the learning experience! Working on different levels, young coders think creatively, reason systematically, and problem-solve to create their own interactive stories, games, and animations. While developing games and apps, they will also learn programming concepts such as variables, loops, conditional statements, event handling, etc. Those who have previously taken this course with us will delve into advanced topics this term, taking their skills to the next level.

## STEAM CHALLENGE ISLAND - AWESOMESAUCE

BY:

**CHALLENGE ISLAND**

Give your child an unforgettable after-school adventure with Challenge Island! Our award-winning, screen-free STEAM program engages kids in hands-on challenges that spark creativity, teamwork, and problem-solving skills. Each week, students collaborate in STEAM Teams® to take on exciting, themed engineering adventures that blend science, technology, engineering, art, and math.

From building roller coasters on our Amusement Park Island to launching catapults or creating Flaming Hot Slime on our AWESOMESAUCE Island, every session offers a new and thrilling challenge. With fresh themes each season, there's always something imaginative and fun to explore on Challenge Island!
