**EXPERT PERSPECTIVES ON
OUT-OF-SCHOOL TIME**

Right At School has been a proud partner of AASA since 2017.

AASA
THE SCHOOL SUPERINTENDENTS ASSOCIATION

At Right At School, we believe out-of-school time should feel joyful, meaningful, and aligned with the heart of every school community. When children feel seen and supported, learning stretches beyond the school day. When families feel confident and cared for, trust grows. And when districts have a partner who truly shares their mission, out-of-school time becomes a powerful extension of student success.

The Heart Of Right At School guides how we design enrichment that sparks curiosity, builds durable skills, and gives children a safe, engaging place to grow. From **Before and After School Programs** to **Summer Camps, Break Camps, Discovery Clubs**, and **Recess support**, we create environments where students thrive.

Our mission is simple. We inspire a love of learning, support schools in practical ways, and give families peace of mind. The Heart of RAS lives in our teams who greet children by name and make every program a welcoming place to belong.

Since 2010, districts nationwide have chosen us for our strong partnerships, industry-leading retention, consistently high family satisfaction, and stable, committed team. We'd love to connect and learn more about what your district is working toward. Together, we can design enrichment programs that strengthen the connections between school, home, and community.
